

The Portland Alliance (TPA) has been "Speaking Truth to Power since 1981." Beginning as a radical underground newspaper at **Reed College** in 1968, the **Willamette Bridge** was transformed into the **Portland Scribe**, an underground counter-culture resource, and reinvented as the **Alliance** in 1981. The **Portland Alliance** underground still struggles to survive, published by dedicated organizers, activists, artists, writers, and everyday people who walk in off the streets. Real news for real people. Welcome!
